

GP Patient Activity Dashboard

Patient Activity Dashboard

A GP, Practice Nurse or Practice Manager can look at patient activity dashboard in Health One /HCS and view either at individual practitioner or practice level. Activities for patients enrolled with specific GPs are displayed on HCS home page **My Patient Activity**. The Homepage can be accessed by:

- Logging in to HealthOne and pressing the **home** button

- This will display the Dashboard

My Patients Activity

Not My Patient	NHI	Name	Events
			Emergency Attendance
			Admitted Inpatient
			Emergency Attendance
			Outpatient Booking

Patient Activity Summary (by Practice)

Number	Event
6	Emergency Attendances
5	Inpatient Admissions (still admitted)
9	Inpatient Discharges
42	Outpatient Appointment Bookings
4	Outpatient Appointments MISSED

Note : Any page can be printed by pressing **Printer Friendly Version** at bottom of the screen

Option to Configure the Dashboard

The homepage layout and time period for listed patient activities can be used as it is set up or configured by the logged on user

To change time period

- The default time period is 3 days
- Can be changed by practitioner via their **User Settings**
- This is found by pressing your name on top right
- Select **User Settings**

- This will display the User settings screen
- Set the Query Period in days
- Click **Update Preferences** to save

Not my Patient

Option 1

- The first column is **not my patient** which sends a message direct to Systems.Support@southernhb.govt.nz

- Clicking on icon opens a prepopulated email: *This requires an email client installed e.g. Outlook, Thunderbird, Mail*
- Please don't send identifying patient data via email. Include the GP that received the incorrect patient, practice, date and a contact number if follow up is required

My Patients Activity

Not My Patient	NHI	Name	Events
			Emergency Attendance
			Outpatient Booking
			Discharged Inpatient Outpatient Booking

Option 2

Send an email

- To Systems.Support@southernhb.govt.nz
- Subject: "Not my Patient – Your Practice"

- Remember please don't send identifying data via email, include a contact number so the team can get in touch for further details as required

Patient Activity – by Practice

- Click on any line to view the list of the patients for that activity.
- There are 5 categories in total
- If there has been no activity in a particular category, that category line will not display

Patient Activity Summary (by Practice)

Number	Event
8	Emergency Attendances
10	Inpatient Admissions (still admitted)
11	Inpatient Discharges
67	Outpatient Appointment Bookings
2	Outpatient Appointments MISSED

Emergency Attendances

- The ED discharge documents are sent to the identified GP's HealthLink mailbox overnight. They are also available under Clinical Documents > Discharges

Clinician	Specialty	Location	Ward
