

NES Quick Reference Guide Medtech Evolution: Patient Register (F3) – Enrolment Funding Tab

The screenshot shows the 'Patient Register' window with the 'Enrolment Funding' tab selected. The 'Enrolment Status' is 'Confirmed Enrolment (C)'. The 'Re-enrolment' button is highlighted with a red box. Other visible fields include 'Date Confirmed' (21/04/2018), 'Method of Enrolment' (Form - Only Valid PHO Option (F)), and 'Funding Status' (Funded (F)).

The **Re-Enrolment Button** allows you to re-enrol the patient directly from the patient register.

The **Re-Enrolment Button** becomes active when a patient has an enrolment status of **Confirmed Enrolment (C)** or **Newborn Preliminary Enrolment (B)** and the enrolment has been **synchronised with NES** (Enrolment ID Populated)

Once pressed, the **Re-Enrol Patient** window will open. Enter **'Date Confirmed'** and **'Method of Enrolment'** and click yes.

The screenshot shows the 'Patient Register' window with the 'Enrolment Funding' tab selected. The 'Enrolment Status' is 'Confirmed Enrolment (C)'. The 'End enrolment' button is highlighted with a red box. Other visible fields include 'Date Confirmed' (21/04/2018), 'Method of Enrolment' (Form - Only Valid PHO Option (F)), and 'Funding Status' (Funded (F)).

The **End Enrolment Button** allows you to end the patient's enrolment directly from the patient register.

The **End Enrolment Button** becomes active when a patient has an enrolment status of **Confirmed Enrolment (C)** or **Newborn Preliminary Enrolment (B)** and the enrolment has been **synchronised with NES** (Enrolment ID Populated)

Once pressed, the 'End Patient's Enrolment' window will open. Enter **'Enrolment End Reason'** and **'Registration Status'** and then click yes.

The screenshot shows the 'Patient Register' window with the 'Enrolment Funding' tab selected. The 'Enrolment Status' is 'Confirmed Enrolment (C)'. The 'Full enrolment' button is highlighted with a red box. Other visible fields include 'Date Confirmed' (21/04/2018), 'Method of Enrolment' (Form - Only Valid PHO Option (F)), and 'Funding Status' (Funded (F)).

The **Full Enrolment Button** allows you to change a **Newborn Preliminary Enrolment** to a **Full Enrolment** directly from the patient register.

The **Full Enrolment Button** becomes active when a patient has an enrolment status of **Newborn Preliminary Enrolment (B)** and the enrolment has been **synchronised with NES** (Enrolment ID Populated)

Once pressed, the 'Patient Full Enrolment' window will open. Enter **'Date Confirmed'** and **'Method of Enrolment'** and then click yes.

The screenshot shows the 'Patient Register' window with the 'Enrolment Funding' tab selected. The 'Enrolment Status' is 'Confirmed Enrolment (C)'. The 'Sync' button is highlighted with a red box. Other visible fields include 'Date Confirmed' (21/04/2018), 'Method of Enrolment' (Form - Only Valid PHO Option (F)), and 'Funding Status' (Funded (F)).

The **Sync Enrolment Button** will become active when a patient has an enrolment status of **Confirmed Enrolment (C)** or **Newborn Preliminary Enrolment (B)** and a **Method of Enrolment** and **Date Confirmed** has been entered.

Once the **Sync Button** is pressed then the enrolment information from NES will be imported into Medtech.

Re-Enrol – re-enrolling patient that already exists in Medtech

End Enrol – end enrolment of registered patients that have died, transferred, expired eligibility

Full Enrolment – change babies from Newborn to Full Enrolment

Synch – retrieve info from NES into Medtech eg already enrolled in NES
